PRINT O KIT®

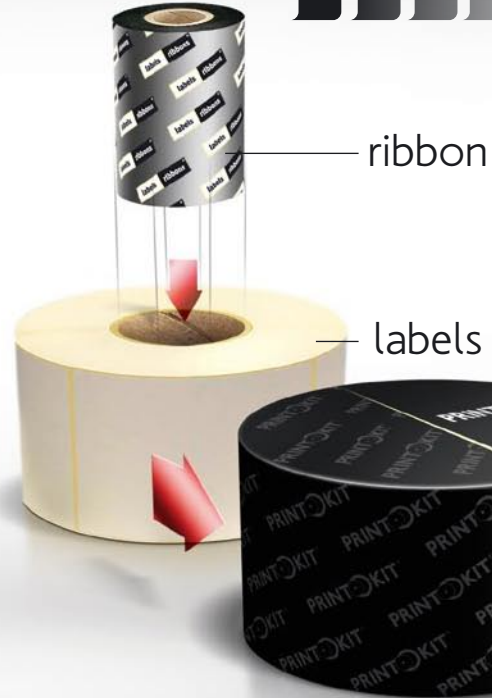

The product that is revolutionizing the labels & ribbons market.

What is PRINT O KIT®

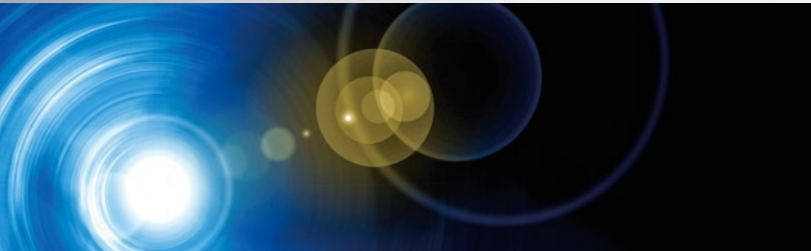

One roll of blank thermal transfer labels and one roll of suitable ribbon to print them (perfect match in both size & material!) **in one smartly packaged and economical “kit”** for all common barcode printers (Zebra, Datamax, Sato, Tec, Intermec, Avery, etc).

Why PRINT O KIT®

- No need to buy labels & ribbons separately
- One easy to handle package
- Guaranteed match between labels & ribbon
- Cost savings on ribbon
- A **LABELS RIBBONS®** product

in **ONE** package

Why LABELS RIBBONS®

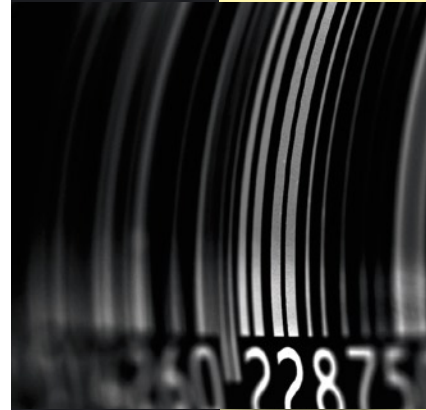

- Specialization in converting blank labels (thermal and thermal transfer) and thermal transfer ribbons
- High quality products
- Unbeatable price
- One of the largest In-Stock programs in Europe & Middle East
- Very short lead times
- Innovative products

*“LABELS RIBBONS® has gained **a leading position internationally** in thermal printing supplies by focusing exclusively on the production of blank labels and ribbons.”*
